

## SC-1970-2, Solenoid, Landing Gear Lever Lock NSN: 5945-01-027-2258

### Product Overview:

- Continuous Duty
- Landing gear lever lock designed to specification
- Contact NPAS for specific needs and customizable options.

Coil Data	
Nominal Voltage	28VDC
Coil Resistance	60 Ω ±10%
Coil Current	.5amps max
Suppression Duty	Continuous
Electrical Data	
Insulation Resistance	≥100MΩ @ 500VDC min
Dielectric Strength (sea level)	
Contacts to Ground	
Between contacts	
Coil to Case	1500 Vrms
Environmental	
Temperature range	
Altitude	
Shock	
Vibration, sinusoidal
